

Tiffany Monroe

WEB DEVELOPER

I'm a writer, whether it's poetry or code, that loves taking a blank screen and bringing it to life. Because of my writing and teaching experience, I can explain complex ideas simply and spot errors quickly. I build apps with clean, readable code—and lots of coffee.

Tech: HTML5, CSS3, Bootstrap, Node.js, MongoDB, Express, EJS

Other Experience

Writing Instructor

Chapman U, CSULB, Cypress College | 2013-2016
Developed courses in writing & rhetoric.

Website Administrator

Remote | 2011-2015

Personalized a Wordpress site using a customizable theme, site integration, and FTP. Created a interactive, digital poetry project of over 100 poems for graduate course.

Writer / Editor / Tutor

Cypress College, Chapman University | 2008-2010

Tutored students to plan, prioritize, and complete complex writing assignments. Worked on a 3-person team to develop a Tutoring Manual for a team of 20+ tutors.
